This reading plan allows you to read the entire Bible in one year while only reading five times a week. This gives you room to catch up or focus on other disciplines.

Old Testament readings are placed as chronologically as possible (even the Psalms are read where they belong in Israel's history when feasible, and this is why some prophets -notably Jeremiah- appear to be "out of order"). The only exception is Job, probably the oldest book in the Bible, but placed at the end because it is hard to fit elsewhere. New Testament readings space the gospels out throughout the year to keep you constantly coming back to the life and teachings of Jesus.

Always do the reading in the order it appears on the plan. You may decide to change up your reading pace. Some examples: 1) Read only the NT. 2) Read all OT passages during the week, then add a day on weekend to read NT passages. 3) Some days you may only read one passage. That's ok! Spend that time with the Lord, then move on to the next day. The goal is for you to read consistently each week rather than stress about trying to keep up or catch up. What's most important is that you are regularly engaging with God's Word & hearing from Him!
